ARE YOU PROTECTED IN CASE OF AN ACCIDENT?

If an accident happens, do you know who would be responsible for:

- Physical damage to the rental truck and towing equipment?
- Bodily injury and property damage claims made by other people?
- Bodily injury to yourself and your passengers or damage to your property?
- Physical damage to a vehicle you're towing?
- Emergency roadside hazards?

Many people who rent trucks believe their personal insurance will cover them in these situations as it might in a rental car.

GET THE FACTS

Rental truck theft or physical damage is not covered by most personal, auto, home, credit card or automobile association insurance. Plus, your insurance may not cover the other financial liability you could have in the event of an accident. Ask your insurance agent about your existing coverage.

Signing up for Optional Budget Insurance and Protection Plan(s) is very simple. When you rent your truck, just ask the rental agent to add one or more of the Optional Insurance and Protection Plan(s) we offer to the rental agreement.

HOW DO I FIND OUT IF I AM ALREADY PROTECTED?

Always verify what coverage you have with your personal, auto, home, credit card or automobile association insurance. Never assume you are covered without asking.

Auto Insurance

Ask your auto insurance agent about your existing coverage. Specifically ask if you are covered for a rental truck that is over 10,000 lbs. gross vehicle weight. Your agent's contact information is typically listed on the insurance card provided to you when you purchase or renew your policy. Provided on page 21 are the telephone numbers of major insurance companies.

Home Owners/Renters Policy

Ask your home owners or renters insurance agent to verify what coverage you have to protect your household cargo. Specifically ask to what extent you are covered while your goods are in transit between your current and new home.

Credit Card

To verify if you are covered by the credit card you are using for your truck rental, call the credit card company directly. Most credit cards offer a toll-free phone number on the back of the credit card. Specifically state that the rental is not for an automobile, but for a moving truck.

Budget Truck offers optional, reasonably priced ways to keep you and your belongings protected.

3RD PARTY LIABILITY

Supplemental Liability Insurance

What is Supplemental Liability Insurance (SLI)?

SLI is an "Excess Vehicle Liability Insurance Policy" that provides additional liability insurance, within specified limits, above the limits provided in the Budget Rental Agreement. SLI insures you, and authorized operators as defined in the Budget Truck Rental Agreement, against claims made by third parties against you, the customer, for bodily injury/death and property damage caused by the use or operation of a Budget truck as permitted in the Budget Truck Rental Agreement. SLI is a separate insurance policy issued to Budget by ACE American Insurance Company.

What Are the Coverage Limits Provided by SLI?

The SLI coverage limits equal the difference between the SLI maximum \$1,000,000 combined single limit per occurrence and the liability protection limits provided under the Budget Rental Agreement.

When and Where Does SLI Coverage Apply?

You and authorized operators are covered while driving your Budget truck within the continental United States. Coverage does not apply in Mexico or Canada.

Whether, at what point and to what extent your own policies apply can only be determined by checking the terms of your policies themselves as these terms frequently vary. However, the protection afforded by SLI (if SLI is accepted), like the Budget Rental Agreement limits of protection, is primary to your own policies. This means that before your own policies would apply to pay a claim, the \$1,000,000 protection afforded by the combination of SLI and the Budget Rental Agreement limits would have to be exhausted.

What Exclusions Apply to SLI?

All exclusions, terms and conditions are stated in the policy; it is important that you read the policy carefully.

The following highlights some of the exclusions that would preclude coverage:

- If you or an authorized operator use, or permit the use of, your Budget rental vehicle in a manner that violates the Budget Rental Agreement.
- If you obtain your Budget rental vehicle by fraud or misrepresentation
- To the extent permitted by law, to personal injury or property damage to the customer, or authorized operators, or any member of your family or the driver's family
- "Uninsured Motorist"/"Underinsured Motorist" are not provided by the policy except in states where mandated by law up to a maximum amount of \$100,000 or in such other amount as mandated by state law
- "No Fault" and other supplemental or optional coverage are not provided by the policy
- Punitive or exemplary damages

Are There Any Special Restrictions on the Purchase of SLI?

In Florida, SLI may not be purchased where the Budget Rental Agreement is for more than 30 days. If the Budget Rental Agreement is extended beyond 30 days, the coverage may be extended for one time only, for a period not to exceed 30 days. In New York, SLI may not be purchased where the rental period exceeds 30 consecutive days.

For non-commercial renters in Texas and California, there is no coverage under the Budget Rental Agreement and SLI provides primary coverage.

Terms and benefit details vary by state.
